LOCAL CHAMBER OF COMMERCE TO BE OFFICIALLY ORGANIZED FIRST WEDNESDAY IN AUGUST

Public officials, local business men, civic leaders and citizens will meet on the first Wednesday evening in August to officially organize a Daly City Chamber of Commerce. Plans to form a local chamber were discussed and outlined at a meeting held by merchants and civic leaders, Wednesday evening of this week, in the social hall over the theater lobby.

It is proposed to incorporate the local chamber and enter into a number of advertising and publicity activities which will stimulate commercial affairs and foster projects of civic welfare. All local citizens interested in participating in such programs are invited to attend the August meeting and become charter members of the Chamber of Commerce.

THREE-FOLD PROGRAM

To carry on a three-fold advertising program in the Daly City Record, stickers on the city water bills and in the Daly City Theater is one of the proposed major activities to be undertaken immediately by the new organization.

A direct personal publicity campaign to be carried on by sending prizes and speakers to all whist games, picnics and other local public affairs is contemplated in the immediate future. A program of foreign advertising may also be carried on by the new chamber.

MEMBER DRIVE

On July 18 a membership drive will be initiated and prospective members for the local Chamber of Commerce will be contacted and invited to become charter members. A membership goal of 150 has been set. Information regarding the proposed chamber may be obtained from the Daly City Record, Peter Petersen phone Randolph 0662 or Albert H. BRISBANE PUTS ON BIG TIME ON FOURTH OF JULY

Crowning Of Queen, Pageant And Oratory Provide Entertainment For Multitude

While other towns depopulated themselves in search of amusement or comfort over the Fourth of July, Brisbane stayed at home and put on its own celebration, as it has always done in past years.

The celebration covered a period of three days—July 2, 3 and 4. It was sponsored and conducted by the Brisbane Fire Department, whose members have had charge of similar community affairs for several years.

The festivities were ushered in Saturday evening by the crowning of the queen for the occasion in the person of Miss Eva Woods. The crowning was capably and efficiently performed, after a few appropriate remarks, by Judge Wade H. Clay, justice of the First Township. After the ceremony, Judge Clay, who was guest of honor, escorted Queen Eva through the grand march, followed by the fire department and auxiliary members. The women of the auxiliary were beautiful in their uniforms of white, and bright red capes and jaunty caps to match. Lawrence Mills of the fire department was master of ceremonies.

The Sunday festivities consisted of dancing and an amateur contest.

On Monday, the Fourth of July, there was a grand parade, in which most all of the civic and fraternal bodies took part. The Non-Partisan League won first prize for the best float and the Shoemaker won the second. Ribbons were awarded to

ORGANIZATION FOR PROMOTION IS EXPANDING

California Mission Trails Association To Open Office In San Francisco

The California Mission Trails Association, the tourist promotion organization serving this territory, will open an office in the Plaza Hotel in San Francisco this week.

H. W. Horrworth, secretary-manager, advises that, due to the additional duties of the organization handling the Mission Trails Exposition building and exhibits, this new office is made a necessity.

"In addition to the Exposition affairs, we feel that the influx of tourists into San Francisco from the North and East should be told of the beauties of our area and we know from our past success in the South that many thousands of northern visitors can be influenced to vacation in the Mission Trails counties. It is our job to contact these prospects and we mean to do just that."

The establishment of the San Francisco office will provide an additional base of operation from which literature may be dispensed to over 300 points of distribution in northern California, Washington and Oregon, as well as providing an outlet for publicity in San Francisco designed to promote vacationists into the Mission Trails counties from the bay area.

Cotton Goods For Needy Families

There will be plenty of mattresses and comforts for relief families in the United States, for Tuesday of this week, the Agriculture Department authorized the Federal Surplus Commodities Corporation to purchase $3,400,000 worth of raw cotton and fabric material to be used for this purpose.

The department announced that "this program will help alleviate the suffering caused by a lack of bed material, in addition to diverting a substantial quantity of surplus cotton from the normal channels of trade."

Coast Speed Skaters Vie For Roller Skating Derby Honors

Ten boy and girl roller skating teams recently began a 2000 mile whirl to nowhere as the first Roller Derby was introduced in San Francisco. Roller derbies are the latest product of "this speed age." Unlike dance marathons, walkathons and six day bicycle races, the contestants only take the floor from 8 o'clock until midnight each evening. The favorite team is Wes Aronson and Joyce Bullock who were first to register. Aronson is known as the "Portland Flier" and considered by experts as one of the greatest roller skaters in the world. Photo shows three of the "main eventers" warming up, left to right are, Wes Aronson, Pacific Coast champion; Bill Bogash, international titleholder, and Joe Nigra, Italian speedster.

COUNTY BOARD WILL PURCHASE RIGHT OF WAY

Gas Tax Funds Voted To Be Used To Buy Land For Geneva Avenue Widening

The San Mateo County Board of Supervisors, at the meeting, Tuesday of this week, ordered an appropriation of $5000 from the county's road department's gas tax to acquire rights of way preparatory to improving the Bayshore City thoroughfare by widening Geneva avenue.

The opinions on this proposition resulted in a division of the board, the vote for acquisition being three in favor and one against with one member being absent.

Supervisor James S. James opposed the appropriation for the reason that there was no definite agreement for sharing the costs of construction, and declared that the money should not be taken from the overburdened gas tax account for county road maintenance and construction. He also said the time was not propitious for such action now.

Supervisor Alvin Hatch, Half Moon May, moved to adopt the recommen-

HIGHWAY POLICE TO ENFORCE ALL STICKER LAWS

All officers of the California Highway Patrol are strictly enforcing windshield sticker regulations, Chief E. Raymond Cato pointed out this week in advising all motorists to use discretion in the use of stickers.

In explanation, the chief said: 'The Motor Vehicle Code specifically states that no sticker or stickers shall cover an area in excess of seven inches by seven inches in the lower corner of the windshield farthest removed from the driver.

"The Code definitely prohibits the use of stickers on either rear or side windows of a car.

"In a campaign year many motorists place stickers on their cars but they should be careful to see that these stickers comply with Code requirements and that the placement meets the specifications."

All tourists are urged to keep these regulaitons in mind and it is pointed out that an offense against this section of the code is a misdemeanor.

DENY RADIO PERMIT

Authority to construct a new radio station in San Jose was denied Floyd A. Parton at Washington, Tuesday of this week.

NEW COUNTY CONSTRUCTION AT STATE FAIR

New artistry, new plans and new motifs are being written into every phase of new county exhibits under construction at the California State Fair in order that they will reflect California's unprecedented yearly agricultural income of approximately $750,000,000.

A speed-up of the fair organization has been ordered by SecretaryManager Robert Muckler to insure completion of the board's largest program for the eighty-fourth annual exposition at Sacramento, September 2 through September 11.

Livestock, poultry, farm machinery and dairy products are divisions of the California agricultural exposition, but are treated as separate shows. Each one of these departments soon will announce programs for the ten day fair.

MEET FEATURED BY DEVELOPMENT OF YOUNG DOGS

Sensational Greyhounds Fast Rounding Into Best Form At Baden

One of the most sensational young dogs in the history of greyhound racing on the Pacific Coast has been developed at Baden Kennel Club in Rural Rebel, yet to reach the peak of his ability.

Only 21 months old, the pup has proved a sensation. Racing dogs seldom reach their fastest form until the age of three years.

Rural Rebel is owned by R. C. Davis of San Francisco and is a son of one of the most famuos of all track dogs, Traffic Officer.

Development of young dogs has proved to be the outstanding feature of the 1938 South San Francisco meeting. Among the other pups which have repeatedly shown in the winner's circle are Laddy's Honor, a son of the 1932 world champion at Baden, owned by Mrs. Lyle Green of Piedmont; Mighty Black, a son of Nigger Officer-Mia Bella; Bluffing Bee, daughter of Bluffing Officer and co-holder of the Baden track record for the futurity hurdle.

But Rural Rebel tops them all with a record of five wins in his first six starts against the speed dogs of the Pacific Coast.

Owners of all of the California bred two year olds and under are pointing for the California Derby, $1000 added, to be run next month.

NEW LIBRARY IS REVELATION TO COMMUNITY

Many Interested Citizens Attend Opening And Marvel At Beauty Of Improvement

Last Sunday, during the hours from 11 a. m. to 5 p. m. a large number of greatly interested and enthusiastic citizens visited Daly City's new library addition at the site on Mission street to give it "the once over."

Many expressions of surprise and delight were elicited from those who made a tour of inspection of the building and its equipment.

The day had been officially set aside as one for dedication and to give our citizens an opportunity to inspect one of the best and most needed improvements in the history of Daly City.

Many citizens and business firms sent beautiful baskets and vases filled with choice and fragrant flowers to add to the beauty of the display, among them being beautiful arrays from Mayor Selmi and Councilmen Sundermann and Twesten.

Beginning with Tuesday morning, July 5, when the new building was officially opened for business, all delinquent fines for failure to return books promptly which have accumulated against any library patron were remitted and stricken from the books and business was begun with a clean slate.

Beginning on the same date a new schedule of fines went into effect. Instead of the old amount of five cents per day for each day over time a book is retained, as heretofore, the amount charged has been reduced to two cents per day on overdue books.

A new system of book registration is also in effect. Now, whenever a book is taken out the borrower surrenders his or her card and signs for the book or periodical received from the librarian. This card remains with that official and on return of the book is returned to the patron. This eliminates any difference as to the time the book has been in possession of the borrower.

The cost of the new building and its furnishings was approximately $5000. This has been paid from the library fund already available and was accomplished without any increase in taxation whatever.

There are many more improvements in store for our community, details of which will be published from time to time.

Goes To Sleep In Car Wakes In Hospital

When his car crashed into a bank of the Bayshore highway, Monday morning of this week, Roy Wirgler, 23, of 344 Folsom street, San Francisco, suffered cuts and lacerations.

Wirgler was believed to have fallen asleep at the wheel. He was treated at the South San Francisco Hospital.

COUNTY WATER COLLECTORS TO BE INVESTIGATED

One District Employe Suspended By Board Of Supervisors

The San Mateo County Board of Supervisors suspended Alfred Winter as collector of the Willow road county water district, at their session, Tuesday morning of this week, and appropriated $500 for an exhaustive investigation of the district's financial affairs and operation. This action was taken at the request of the county grand jury.

Winters is under fire in the grand jury probe of the collection of water bills and deposits with the county controller.

Notifying Winters of his suspension the board ordered him to turn all records over to the district attorney "without delay."

Records sought by the jury showing collections over a period of nearly two years, have been destroyed by fire, according to the prosecutor's office.

The high tax rate of the Willow Road Water district is out of all proportion to the revenue derived from consumers, Assistant District Attorney Daniel E. Sullivan said.

"The district has a tax rate which is much too high when the revenue possibilities are taken into consideration," he said. "A rate of 38 cents was levied against the district's taxpayers last year, which is in addition to the revenue collected. The district buys water at the rate of 19 cents

TRAIL RIDERS OF THE WILDERNESS WILL TAKE TRIP

Most Rugged Mountain Area To Be Explored For Fourteen Days

Attracted to the Kings River wilderness in the High Sierras a group of "Trail Riders of the Wilderness" have already signed up to take the fourteen day saddle and pack trip into California's most rugged mountain area beginning August 19, the United States Forest Service announces. Reservations for the trip are available from the American Forestry Association, Washington, D. C., an dare limited to 25 people.

The pioneer trip for the Trail Riders in California will be led by Norman Livermore, veteran guide and packer of the High Sierra region. Dr. L. A. Juhnke of Chicago has been named medical officer for the group. Officials from the American Forestry Association and the United States Forest Service will accompany the party.

Trail Rider pack trips into the national forests of the West have been sponsored annually since 1933 by the American Forestry Association. This summer, parties will ride through five of the most spectacular wilderness areas administered by Forest Service rangers. The California trip will be in the High Sierra Primitive Area of the Inyo, Sierra and Sequoia National Forests.

The first Trail Riders expedition ever to enter this scenic region will start from Bishop and ascend the High Sierra to explore the mountainous region along the John Muir Trail to Mt. Whitney, highest peak in continental United States, and then ride to Lone Pine in the Inyo Valley.

Other Trail Rider expeditions scheduled by the American Forestry Association include the Wind River Wilderness, Wyoming; Gila Wilderness, New Mexico; Maroon-Snowmass Wilderness, Colorado, and the Sawtooth Wilderness, Idaho.

Girls! What Do You Think Of It?

A noted psychologist of Chicago declared, recently, that women wear the kind of hats they do because mentally they never grow up. A professor of Northwestern University declared the peculiar mental quirk might be traced to the time the little girl slips on big sister's shoes and wishes she was old enough to go out with boys. The little maid grows into a big girl, but she never gets over that feeling of inferiority. The result is a nature half child and half adult, in one instant a sophisticated individual and at the next a youngster weeping over a matter which to men would appear trivial.

The tendency to copy big sister leads on into bceoming a slave of fashion. Many of the latest fads are hardly of a nature to attract or to increase the woman's appeal. The professor believes that nothing is more ludicrous than to behold tall duncelike hats upon the heads of women whose height of stature forbids anything other than a flat hat with a wide brim.

MAGNETISM DISCOVERED

Discovery of the simple principles of magnetism possessed by magnetite, or loadstone, was made by the Chinese in 2400 B. C., or 3500 years before magnetism was known in Europe.

WITH LEIS AND UKULELES!

In Bobby Breen's latest musical filmplay, "Hawaii Calls," one of his chief coadjutors is that dry-humored comedian Ned Sparks, here shown with the youthful star in an ukulele song fest. The picture—a story of adventure in the Hawaiian Islands—is replete with music, several of the numbers sung by Bobby having been written for this picture by Harry Owens, author of the popular "Sweet Leilani."

"Hawaii Calls"- Colorful Picture- Stars Boy Singer

A great passenger liner steams past jutting Diamond Head and glides slowly into the harbor of Honolulu; the orchestra of the famous Royal Hawaiian Hotel plays a welcome on the dock and a native girl sings "Aloha Oe," classic island song of greeting; two ten year old boys, one white and one brown, poise on the lofty rail of the steamship and leap into the water among the chattering Hawaiian youngsters who dive for coins thrown overboard by passengers; colorful flower leis are placed about the necks of the incoming travelers; gaiety reigns under the sparkling tropical sun.

Thus opens the main portion of the story of "Hawaii Calls," Bobby Breen's latest musical starring vehicle for RKO Radio, which begins its local engagement at the Daly City Theater the coming Sunday.

Bobby and Pua Lani, as two San Francisco street gamins, have arrived in Honolulu as stowaways, and escape by diving into the harbor as the ship approaches the dock. Discovered soon after the liner has left San Francisco, the boys have been befriended by Ned Sparks, tippling member of the ship's orchestra, and at his suggestion have adopted the only available means of escaping to shore.

Sought by the police, they are the center of many laughable adventures, in which they are soon joined by the well meaning Sparks. When he finally misses his ship he capitulates to the charm of the island paradise, and becomes a temporary Hawaiian by adoption. Later the boys are principal figures in a tensely dramatic hunt for a band of criminals, and the climax of the story finds Bobby embarking on a new life.

The singing of Bobby Breen, vocal sensation of screen and radio, is a feature of this colorful picture. The music is unusually haunting, being supplied by Raymond Paige and his orchestra, who are featured, in addition to numerous native musicians.

Also Betty Davis and Paul Muni in "Bordertown."

"EXCURSION" TO BE NEXT PLAY AT THE ALCAZAR

"No More Frontier" Closes Successful Two Weeks Run Saturday Night

"Excursion," rated by leading New York critics as one of the ten best plays of the New York season last year will be the next offering of the Federal Theater at the Alcazar beginning next Monday, July 11. Directed by Alan Williams, who was responsible for the comedy success "Squaring The Circle," a cast of sixty will appear in "Excursion." The play is by Victor Wolfson.

The entire locale of the play is aboard an excursion steamer under the command of a compassionate, sympathetic old salt (Rupert Drum), who has sailed his ship for thirty years on just such Sunday excursions down to Coney Island. This trip was to be the last before the boat is laid up for dismantling. With an understanding pity for his passengers, who so desperately depend on such brief trips for their unfulfilling recreation, the captain decides to take the whole sweltering crew on a real trip into a land of sunshine and romance, to a far away isle in the Carribean. The outcome provides situations aplenty that are seldom seen on a theater stage—situations of touching, whimsical comedy, stirring drama.

Others in the cast beside Mr. Drum are J. Raymond Northcutt, Ivan Markoff, Joseph Jacoby, Marie Burton, James Stott, William Ashbury, Solly Carter, Marta Duffy, the usual excursion boat's dance band and male quartette and many others.

"No More Frontier," historic drama of one family's partin the winning of the Old West closes Saturday night after a highly successful two weeks run.

TALE O' THE TOWN

By Joseph Straughan

A BOOMRANG

Story telling is a very necessary part of a boy worker's equipment. They are related for amusement and for effect in putting over ideas and for implanting ideals in the minds of the youthful listeners. However, our best intentions sometimes misfire and even kick back in the most unexpected ways. Some time ago I related a tale of a Chinese cook who had served pudding to a group of cowhands. Not being as observing or as alert as he might have been, but with a true sense of loyalty, he noticed the name "Polson" on one of the ingredient cans and promptly interpreted the name "poison." He rushed in to the diners excitedly admonishing them to cease eating for their lives. One of the men was quick to see a chance for a good joke on the Celestial and feined a spasm, after first giving the wink to his cronies, who quickly followed suit, and they were all soon writhing in apparent agony on the floor. Of course, there is more to the story and the boys to whom I told it enjoyed it to the last and evidently tucked it away in their minds for future reference. For only recently while I was engaged in teaching a health class at the Nazarene Church Daily Vacation Bible School a modern version of it was enacted before my very eyes.

The value of minerals in the foods we eat was being discussed and being of the "prove it type" I passed around cookies which had all of the necessary minerals therein. Some one came to the door and engaged my attention for a moment. When I turned to the class every mother's son of them was lying on the floor writhing in apparent agony.

The joke was on me. I just grinned and bore it. Boys will be boys, I thought—and if St. Peter doesn't find lizards in his pockets it will be because boys undergo a tremendous change before they enter those pearly gates

Romance Is Denied, But Not Strongly

When Geraldine Spreckels, divorced wife of Adolph Spreckels, Jr., was interviewed, recently, she admitted she and Charlie Chaplin were "very good friends" that it would be nice for any one to be Mrs. Chaplin and still further confessed, "I don't suppose he will ask me to marry him."

Hollywood is rumoring, however, that there is a romance between her and the film comedian. Her divorce will become final, November of this year.

REAL AMERICANS NOW INCREASING

The popular belief that the Indian is a vanishing race is not borne out by official figures. In fact, the census reports show that the Indian is increasing in numbers, not only in Canada, but also in the United States. The last enumeration taken by the Indian Affairs branch at Ottawa in 1934 shows a population increase among the Indians looked after by this government department, from 104,894 in 1924, to 108,012 in 1929, and to 112,510 in 1934.

The Dominion Bureau of Statistics in its 1931 census showed a total Indian poplation in Canada of 122,920, the highest since 1901, when 127,941 were recorded.

While most of Canada's Indians live on the reserves, many still live in the northland, where they hunt and trap for fur, help at trading posts, do work at police posts, missions and the mines. Those on the reserves farm and do industrial work near their reserves. When they are in need of food or clothing, through bad crops, or a bad fur year, government aid is given them.

The new generation is learning at 79 boarding schools and 270 day schools, with an enrollment of more than 18,000 children. In addition to the usual curriculum the boys are taught trades and the girls household science. They are also taught to live in white man's ways, so that as many as possible will be able to take out full citizenship papers. About $2,000,000 a year is spent on Indian education.

Under the Indian Act an Indian can shake off the protection of the state which treats him as a ward. He can become a full citizen, and in the older provinces of the Dominion he is taking advantage of that clause in the act. But he has to meet pretty stiff government examination before he can take his place in the world as a Canadian citizen, and the Government has to be assured that he can take care of himself. Then when he meets all requirements he ceases to be a ward of the Indian Affairs branch, no longer receives annual treaty money or any of the advantages accorded to the reserve Indians.

Indians have some 2000 reserves varying in size from a few acres to five hundred square miles. Indians are estimated to have a stake of $71,000,000 in the Dominion in real property, while at Ottawa the Government holds in trust for the various tribes about $14,000,000.

While no figures are available on how many Indians roamed the Dominion in the long ago, records go back too 1871, when it was estimated that there were 102,358 in the country. While his present total numbers are not many tens of thousands more, the fact that the Indian is holding his own, and in recent years has even shown an increase in numbers, is a fact little known to those who now live where the Indian once roamed.

COUNT'S THREAT TO HARM BARBARA TOLD AS COUPLE MEET IN COURT

Countess Barbara Hutton Haugwitz Reventlow, who recently appeared in a London court against her husband after he had allegedly threatened her life and "demanded five million dollars." According to witnesses the count was quoted as saying he had been "insulted" by an offer of $250,000 from the countess. W. W. Mitchell, a solicitor, testified the count schemed to kidnap his son, threatened to "put Barbara on the spot" and demanded $5,000,000 in settlement. The court was also told that Count Reventlow did not consider the countess' (London) Winfield House a suitable place for their son, Lance, to be reared. Photo shows Countess Barbara at left and her small son at right.

Hypnotism Link Sought In Death Of Mother To Be

Mrs. Marie Colombos

Mrs. Marie Colombos of Los Angeles, whose mysterious death recently caused authorities to order a complete autopsy to determine whether she died under a hypnotic spell or was poisoned. Police are holding Robert Avery Gilbert, who won considerable attention a short time ago when he assisted in a painless "post hypnosis" childbirth, in which a Los Angeles woman gave birth while under an hypnotic spell. Gilbert insisted, police said, that Mrs. Colombos was at no time under his hypnotic power. He said George Colombos, the husband, had called him to discuss the contemplated childbirth some six months hence.

Liberty WAS NEVER EXTINGUISHED *Over Night*

FREE GOVERNMENT gives way to dictatorship by gradual stages. In every country where dictators now oppress a regimented people, the death of freedom was preceded by two significant steps. First, newspapers were throttled, terrorized, and censored into subservience. Second, the voice of the people became mute, and instead there is heard the voice of interested government propaganda. Free expression of public opinion became illegal and autocracy now tells the people what to think. Opposition has become hopeless because it has become inarticulate. America is still the land of individual liberty . . . but Americans cannot remain a free people unless freedom of the press continues. Regardless of what your own political convictions may be, you and your newspapers are partners in safeguarding the American democratic ideal. Support your newspaper—protect its independence and vitality—for its welfare is your welfare—its freedom is your freedom.

PREVENT ACCIDENTS!

Stop the appalling loss of life on highways. Stop the loss of life from accidental causes in the home and in industry. That is the program of the Western Safety Conference, to be held in Los Angeles, September 12-16. Represented at the conference will be the eleven Western states and British Columbia, Alaska, Hawaii and Lower California.

Uniform legislation will be projected for the entire territory represented. Safety experts connected with every branch of the industry, along with automobile associations, state traffic bodies, schools, service clubs and similar private and public groups will take part. The purpose of the conference is to bring closer the day when every person in the Western states and contiguous territory will be governed by uniform safety regulations.

Other sections of the country would do well to hold similar regional conferences. One of the greatest barriers to the advancement of safety, especially in the highway field, is the diversity of laws, regulations and appliances, such as stop signs and warning signals. What is legal in one state may be illegal in the next. One town may use sidewalk traffic controls and another town ten miles away overhead controls, or one town may have several styles of controls. The motorist doesn't know what to expect.

Equally important, such conferences as these make it possible for experts in many branches of safety work, and from far-scattered places, to come together for a meeting of minds, present opinions and to thrash out problems. This is an important phase of the organized safety work we need so greatly today.

HOW-AGAIN-TO BE HAPPY

Recipes for happiness seem to be a dime a dozen these days. So many have so little to recommend them that a definite editorial obligation exists to call attention to the ones that do seem to have extraordinary merit.

Your attention is directed to the advice of Mrs. Christine Morton of the New York State College of Home Economics.

Mrs. Morton has found the key to happiness in old age.

Devote more of your time during so-called active years, says Mrs. Morton, to practicing up for the leisure you're going to have so much of, say, after the age of 70.

Mrs. Morton's idea may not have laid claim to the heart with such violence a few months ago.

Something in the air about this time, however—an occasional warm something-or-other suggestive of approaching dog days—forces the mind to the conclusion that a more commendable idea hasn't been proposed in many and many a year.

Now, in these summer months of the year and the summer months of your life, is the time to practice up on your solitaire.

Get yourself into condition for hammock swinging. Keep practicing your whittling.

Train for your siestas now.

Mrs. Morton has not only hit on a recipe for happiness in old age but for happiness in all the years that precede it. —Vancouver Sun.

LOYAL ORANGE LODGE OF STATE IN CONVENTION

California True Blue L. O. L. No. 118 Acts As Host To Delegates In Daly City

The Masonic Temple, Daly City, was the rendezvous of the California State Grand Lodge of the United States on July 1 and 2, when delegates from all over the state joined with the State Grand Lodge in their forty-first convention.

The event was largely attended this year by reason of a special dispensation from the Supreme Grand Master, Allan G. Benson, who at the request of James Chestnut, California State Grand Master, granted him authority to summon three delegates instead of the customary one to attend the California State Grand Lodge convention.

Following the State Grand Roll Call by Brother R. B. Lawton, State Grand Director of Ceremonies, and the examination of the delegates credentials, the flag of the United States was presented, followed by the singing of the "Star Spangled Banner." Thereafter a memorial service was held and the State Grand Lodge charter draped in crepe and purple in memory of the brethren of the order who, during the year, had passed on. A minute of silence was observed, following prayer by Brother J. M. Williams, State Grand Chaplain, which closed the ceremony.

The keenest of expectancy was in the air as the Worshipful State Grand Master of California, Brother James Chestnut, rose at this point to address the assembly. The act of his rising prompted a very enthusiastic round of applause which continued for some minutes before he addressed the convention.

Considerable constructive business was transacted during the two days of the convention relative to the promotion of the Orange Order in the State of California, and at the election of officers to serve in the State Grand Lodge of California for the ensuing year. Brother Chestnut was unanimously re-elected to fill the exalted office of State Grand Master, by virtue of the capable manner in which he had filled the first official chair of the Order in the state during his past term.

The election results were as follows: W. S. G. M., Brother James

INQUEST HELD IN MYSTERY DEATH

David Gray

"The deceased came to his death from a gunshot wound of the chest, inflicted by an unidentified person with homicidal intent." That was the verdict given by a Los Angeles coroner's jury at the inquest over the mysterious death of King D. Gray, Hollywood ace cameraman. Only clues left were a 32 caliber shell and a letter addressed "Dear Daddy." The letter was found on the dead man's body. Photo shows David Gray, son of the victim, intently listening at the inquest.

Pupils Of Miss Rose Danced At Civic Auditorium

One hundred dancing students from the Miss Rose School of Theatrical Work participated in the Fourth of July pageant presented in the Civic Auditorium in San Francisco.

The theme of the pageant was the "Spirit of '76," and the "Declaration of Independence" was well shown in the children's dancing of the Virginia Reel, Indian War Dance and the Old Fashioned Minuet.

Supervisor Uhl and Judge Golden, who were chairmen of this affair, congratulated the dance studio for its fine array of talent and the gorgeous costumes worn.

Miss Rose and her dancing partner, Miss Audree, rendered a glorious sweetheart waltz. This is the tenth year that this pair have taken part in this show of patriotism.

Phil Sapiro and the municipal orchestra accompanied the entertainers and later played for the grand ball.

Representatives of the fair were present at the auditorium and selected the Indian group to dance with the Redman on Treasure Island in '39.

This school is now rehearsing for two more shows to be given this month.

Nearly 100 hats for women were found in the home of Joseph Herman, a bachelor of Tottenuham, Eng., when he was arrested for theft.

Lesson Sermon Of Christian Science

In all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., a Lesson-Sermon will be read Sunday, July 10, on the subject "Sacrament."

The Golden Text will be: "Let us keep the fast, not with old leaven, neither with the leaven of malice and wickedness; but with the unleavened bread of sincerity and truth" (I Cor. 5: 8). Bible selections will include the following passage from John 15: 12-14: "This is my commandment, That ye love one another, as I have loved you. Greater love hath no man than this, that a man lay down his life for his friends. Ye are my friends, if ye do whatsoever I command you."

A passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included, which reads as follows: "Implicit faith in the Teacher and all the emotional love we can bestow on him, will never alone make us imitators of him. We must go and do likewise, else we are not improving the great blessings which our Master worked and suffered to bestow upon us" (p. 25).

Bake in moderately hot oven (375 degrees) 25 to 30 minutes. Notice what a tender, fine grained Devil's Food this makes! Spread Seven Minute Frosting between layers and on top and sides of cake.

Seven Minute Frosting

- 2 egg whites, unbeaten
- 1½ cups sugar
- 5 tablespoons cold water
- 1 teaspoon light corn syrup
- 1 teaspoon vanilla

Put egg whites, sugar, water and corn syrup in upper part of double boiler. Beat with rotary egg beater until thoroughly blended and white in color. Place over rapidly boiling water; beat constantly with rotary egg beater. Cook 7 minutes, or until frosting will stand in peaks. Remove from fire, add vanilla, and beat until cool and thick enough to spread. Makes enough frosting to cover top and sides of two 9 inch layers.

BOY SCOUT NEWS

TROOP NO. 141

Meets Thursdays 7 to 9 p. m. at Nazarene Church, Vista and Santa Barbara

CUB PACK NO. 141

Our last regular meeting was held at the Hungry Hollow. When we arrived we found that our sister scouts (Girl Scouts to you) had appropriated our spot. They were good sports and offered to leave. We also offered to go elsewhere, but as they had lots of marshmallows we compromised and made a sort of party of it.

Next Monday is the day our troop starts for Camp Lilianthall for a two weeks' stay. The following boys have definitely decided to go: Glenn Goode, Donald Laston, Richard Russell, Robert Sutherland and John Mosman. Others have intimated that they will go but are not sure as yet. Several of the boys are away on camping trips at present and two, Edward McIntosh and Frank Pate are at the San Francisco Boys Camp for a month duration. Cards from them stated that they are having a fine time.

Mr. Straughan is the proud possessor of a kitten to take the place of the one that waded in the car battery acid and then licked its paws and deserted the place. Cub Wallace Nielsen gave our committeeman this nice little kitten and he named it Cubby. We were all sort of disappointed as we expected it to be Soy Beannie or some other nice health food name.

TROPICAL ISLE IN SOUTH SEAS EXOTIC GUARD

Unique Organization Of Barefooted Warriors Bossed By Lone U. S. Marine

Far away in the South Seas on a tropical island of Samoa is Uncle Sam's farthest outpost. It is called Tutuila, and seventy dark skinned natives, none of whom has ever left his native land, guard the naval station at Pago-Pago. They are commanded by a solitary United States Marine.

These exotic warriors are called Fita Fitas. Their uniforms are the last word in simplicity, and are comprised of a navy blue skirt with red trimmings, a red turban and a red sash. Their feet and legs are bare, and on "dress' occasions they wear undershirts. Every one of them is mighty proud to be in the service of the United States Navy.

Commanded by First Sergeant Lloyd A. Bogart, of the United States Marines, they wheel and maneuver on the tropic beach under a blazing sun, or march proudly by at sunset parade to the stirring notes of their own band. For thirty years the Fita Fitas have exhibited an intense loyalty to a succession of individual marine leaders, each of whom has been honored by the title of "Chief of the Fita Fitas."

The Samoans consider it a great honor to belong to the Fita Fitas, and there is always a long waiting list of sons of chiefs and other brave young warriors who are eager to join. Vacancies seldom occur, and many of the handsome copper-colored soldiers have been bearing arms for the United States government for from 12 to 25 years.

It is also considered a distinction for any marine to be given this unusual assignment, which is held for two years. A spotless record, tact, diplomacy and an ability to handle his native charges are some of the qualifications of a duty for which only married marines are selected.

Sergeant Bogart has his own house, garden and breadfruit tree. Several United States Navy men are assigned to various duties in Samoa, so he has no lack of companionship, even though his nearest comrades of the Marine Corps are stationed at Honolulu, more than 2200 miles away. Few men in a lifetime are likely to find anything more novel than a sojourn in Samoa as "Chief of the Fita Fitas."

His lifeless body was found hanging from the ceiling a few hours later by his daughter, who immediately notified the Daly City police. On arriving at the home they released the remains from the improvised gallows and discovered, on examination, that the suicide had been dead from four to five hours.

About 30 are enrolled in the course, which is a part of the activities of the Women's Athletic Association. Students are taught to handle small sailing craft under adverse as well as favorable weather conditions, says Miss Isabell Kane, instructor. In moving for the transfer of $500 from the sheriff's investigation account to the district attorney's investigation fund for the Willow Road Water probe, Supervisor James J. "You dress well and your voice is well modulated. Your deportment is also beyond reproach."

"You really mustn't pay me so many compliments," she protested.

"Oh, that's all right!" said he. "I only wanted to put you in a cheerful frame of mind before taking up the matter of punctuation and spelling."—Atlantic City Press.

Gas Tax Funds Voted To Be Used To Buy Land For Geneva Avenue Widening

dation of County Engineer Urban S. Marshall that the county aid the project. "I don't agree with Supervisor James," said Hatch. "I think now is the time to buy the rights of way. There is no other fund from which to take the money."

Supervisors Poole and Smith coincided with the opinion expressed by Supervisor Hatch.

All the members agreed there must be a definite agreement by the city and county of San Francisco to undertake the construction work before the $5000 is actually paid.

Geneva avenue is the main approach from Bayshore highway to the $2,500,000 Visitacion valley livestock pavilion of Agricultural district 1-A.

Supervisiors Hatch and Poole argued that the San Francisco portion of Geneva avenue had been reconstructed and that San Mateo County should do its share. The board's action followed favorable recommendation from Engineer U. S. Marshall.

Concensus of opinion, Marshall reported, is that San Francisco would do the construction, or form a joint district with Bayshore City. The job would include removal of the street car tracks from the southerly San Francisco limits to Bayshore highway. The need remains for the county's acquisition of the right of way, Marshall declared.

The life of an officer of the steamship Adjutant was saved by a prescription sent by radio by a doctor at Gibraltar.

WORLD LARGEST OUTDOOR WHIST PARTY AT RIPON

The date of the tenth annual "World's Largest Outdoor Card Party" to be held at Ripon, has been set for Saturday evening, July 23, starting at 8:30 p. m.

The Ripon Post American Legion sends word, they expect between 8000 and 10,000 visitors this year, and are preparing to handle this largest of large card parties. Sixteen hands of whist will be played. Arrangements are being made to entertain the non-card players, by having a dance in an adjoining hall and a carnival and free attractions.

This novel affair, started ten years ago, has grown too big to be handled by the Legion Post alone. It is now virtually a community affair, several other organizations of the town taking an active part in offering California one of the most unique events ever staged.

Tables will be placed in an open space of about two acres, over which lights will be suspended illuminating the entire section as brightly as day.

Ripon residents have asked the weather man for a typical California summer evening, however, if there should be a little breeze, windbreaks will be installed for the comfort of the players.

BRIDE AND GROOM BOTH CUT CAKE

In a flower banked archway of the living room at the home of the bride's parents, Mr. and Mrs. Herman C. Welch, on Mission street, Sunday afternoon of this week at 2 o'clock, Dorothy Ruth Clark and William A. Pfeifer exchanged vows in the presence of relatives and intimate friends, with Reverend Avalon Brown of the First Baptist Church officiating.

The bride in corn flower blue chiffon, carrying gardenias and lilies of the valley, was given in marriage by her father.

Betty Mae Clark, sister of the bride, wearing canary yellow crepe and carrying gardenias and waxmans, was the latter's only attendant. Robert Pfeifer, brother of the groom, was best man, and Harry Clark, brother of the bride, was the usher.

A reception buffet luncheon for the thirty-five guests immediately followed the ceremony. The happy bride and groom together cut the wedding cake and punch was served to drink their health and happiness.

After honeymooning at Catalina Island the happy pair will be at home to their friends, after July 20, at 1520 Gough street, San Francisco.
